Commissioner for Patents

The Amendment filed on January 31, 2006 is non-compliant because it has failed to meet the requirement of 37 CFR 1.121. In order for the amendment document to be compliant, correction of the following item(s) is required. Only the corrected section of the non-compliant amendment document must be resubmitted (in its entirety), for example the entire "Amendments to the claims" section of applicant's amendment document must be resubmitted. In the Amendment filed on January 31, 2006, the claims and there current status identifiers are not correct. The amendment lists claims 11 and 12 as being "Currently amended", however, the claims should be listed a "Withdrawn and Currently Amended" as these claims belong to a non-elected invention. Applicant elected Group I without traverse and claims 11 and 12 are not a part of Group I, thus the claims should be listed with the proper status identifiers. It is noted that applicant made comments regarding the amendments made to claims 11 and 12, those comments will be considered during examination. Applicant is reminded that the amendment identifiers are "cancelled, new, previously presented, withdrawn and currently amended.

As the non-compliant amendment is a reply to a non-final Office Action and since the amendment appears to be a bona fide attempt to be a reply (37 CFR 1.135(c)), applicant is given a TIME PERIOD of ONE MONTH from the mailing of this notice within which to re-submit the corrected section which complies with 37 CFR 1.121 in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD ARE AVAILABLE UNDER 37 CFR 1.136(a). Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hope A. Robinson whose telephone number is 571-272-0957. The examiner can normally be reached on Monday-Friday from 9:00 a.m. to 6:30 p.m. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kathleen Kerr, can be reached at (571) 272-0931. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
